

Cloud Business Analyst/Consultant (15541)

Location: Zurich

Work Pattern Percentage: 80-100%

If you are passionate about cutting-edge Cloud technologies, you will absolutely love our next-gen Cloud solutions

Welcome to Deloitte, an industry leader in digital transformations: From Cloud advisory to implementation and managed services, we offer a full scope of Cloud services and solutions. Our trusted and committed Cloud Engineering practice focuses on reliable multi-dimensional Cloud strategies and Cloud-native re-engineering of business processes in order to create dependable competitive advantage for our clients. Rapid learning is key in the cloud market. Therefore, we are committed to keep your skills evolving at the speed at which the technology marketplace is evolving. Ready to join the fun?

How you can make an impact

- Contribute collaboratively to integrated, cross-functional teams that deliver and provide advice, thereby enabling Cloud and infrastructure transformations
- Take on responsibility for your own deliverables while being supported by experienced Cloud consultants, solving problems around Cloud transformation, strategy, operating models and Cloud implementations
- Take part in client workshops and status meetings, conduct research and prepare documents and presentations
- Support the growth of our Cloud Engineering offering within a consulting organization by contributing to our internal practice development activities

Who we are looking for

- You are a curious, well-organized and empathetic problem solver with the ability to explain complex technical issues to a business audience in a relatable and understandable way. Additionally, you enjoy interdisciplinary consulting teamwork, and have the following qualifications:
- Excellent university degree (Bachelor's, Master's, MBA, or PhD) in computer science, engineering, business informatics or equivalent.
- You had initial contact with Cloud technologies through trainings, internships, or studies. Cloud certification(s) (AWS, MS Azure, GCP) are highly desirable.
- Fluency in German, as well as English.

Your team

Experience our friendly, collaborative and international environment with plenty of room for you to connect to other people, grow and just be yourself: Our Cloud practitioners work collaboratively within integrated, cross-functional teams that are composed of a diverse group of specialists across multiple disciplines from both within our consulting practice and from our clients. Join our growing, multicultural team at our office in Zurich, and enjoy driving the growth of our highly popular Cloud Engineering offering across all industries. We offer a comprehensive internal and external training programme (e. g. several certifications like DevOps, SAFe, Prince).
